EVENTS ORGANIZED BY INSTITUTE

One-day hands-on training workshop on “Mastering HPLC: Instrumentation and Operation” was organized by FOP & Spinco Biotech on July 31, 2025. The expert of the program was Mr Sarojkumar Katara, Product Specialist, Spinco Biotech. The program was coordinated by Dr. S. A. Patel, Professor. A total of 21 Students attended this program.

The "Pharmacy Registration Guideline Camp" was organized by FOP in association with GSPC, Ahmedabad on August 23, 2025. The program was coordinated by Dr. N. R. Patel, Asso. Professor. A total of 21 Students attended this program.

A one-day seminar on “Prototype Validation: Converting Ideas into Start-ups” was organized by SKPCPER on August 28, 2025. The expert of the program was Dr. Sanjeev Acharya, Principal, Institute of Pharmacy, Ganpat University. The program was coordinated by Ms. Riddhi Jani, Asst. Professor. A total of 186 participants attended this program.

A pre-placement and career counseling session was organized by SKPCPER at the college for UG & PG students on September 4, 2025. The expert of the program was Dr. Kishor Barad, Sr. Director, Placement and Executive Education, GUNI. The program was coordinated by Dr. R. P. Patel, Professor. A total of 80 UG & PG Students attended this program.

A one-day workshop on "Quality Benchmarks in Higher Education: Accreditation & Ranking Insights" was organized by FOP & IQAC Cell - GUNI on September 13, 2025. The expert of the program was Dr. Tejal A. Mehta, Professor, Nirma University, Ahmedabad. The program was coordinated by Dr. Paresh U. Patel, Professor. A total of 25 participants attended this program.

An inspiring expert session on "My Story Motivational Session by Successful Innovators" was organized by Shree S. K. Patel College of Pharmaceutical Education & Research, Ganpat University, on November 17, 2025. The expert for the session was Dr. Ramila Prajapati, who shared her remarkable journey and motivated students by providing valuable insights into innovation, entrepreneurship, and personal growth. The session proved to be highly motivating and beneficial for the students.

An expert session on “Quality Excellence in Practice: Pharma Operations through Innovation & Start-Up Mindset” was organized by Shree S. K. Patel College of Pharmaceutical Education and Research, Ganpat University, on November 20, 2025 for M.Pharm students. The expert for the session was Mr. Mehul Sodhan, Manager-QA, Vikram Thermo (India) Ltd. The session focused on key aspects of pharmaceutical quality systems, including deviation handling, CAPA, documentation practices, risk management, regulatory compliance, and the role of innovation in achieving operational excellence. Overall, the session provided valuable industry-oriented exposure and enhanced students’ understanding of quality excellence aligned with an innovation and start-up mindset.

Title - The Quiet Growth of a Student

Education isn't always about what we study or how much we earn but more about the change along the way. At Ganpat University, this change is seen in learning patience during tough days, in building confidence slowly, and in understanding the responsibilities that come with time and practice.

Ganpat University is a place where each student is encouraged to think, ask and grow at their own pace. The faculty here not only explain but also shape value, care about accuracy and honesty, and share lessons from their own experience beyond books.

GUNI not only prepares students for the carriers, but also for the future challenges. It prepares us to practise what we learn responsibly and the future we contribute to.

Guest Lecture on Innovation with Purpose: New Avenues in Pharmaceutical and Health Research

The Institute of Pharmacy, Ganpat University, organized a guest lecture titled "Innovation with Purpose: New Avenues in Pharmaceutical and Health Research" on September 26, 2025 under the Innovation Council of Institute. The session was delivered by Prof. (Dr.) Ashutosh Pareek, Professor, Department of Pharmacy, Banasthali Vidyapith. The lecture emphasized purposeful and socially relevant innovation in pharmaceutical and health research, highlighted translational research, interdisciplinary collaboration, and ethical practices. The program inspired students to adopt a problem-solving mindset and encouraged them to pursue research that creates meaningful impact in healthcare and society.

Guest Lecture on Evolving from Quality-by-Design (QbD) to Artificial Intelligence (AI): The Future of Pharmaceuticals

The Faculty of Pharmacy, Ganpat University, organized a one-day expert lecture titled "Evolving from Quality-by-Design (QbD) to Artificial Intelligence (AI): The Future of Pharmaceuticals" on September 26, 2025. The session was delivered by Dr. Dhaivat C. Parikh, Assistant Professor, Institute of Pharmacy, Nirma University. The lecture highlighted the transition from conventional QbD approaches to AI-driven, data-centric pharmaceutical development, with emphasis on formulation design, process optimization, and quality enhancement. The interactive session enriched students' and faculty members' understanding of emerging technologies and prepared them for future challenges in the pharmaceutical industry.

Guest Lecture on Scientific Hiring in Pharma: Competency Mapping and Interview Design

The Institute of Pharmacy, Ganpat University, organized an online guest lecture titled "Scientific Hiring in Pharma: Competency Mapping and Interview Design" on September 18, 2025. The session was delivered by Dr. Mukesh Patel, Managing Director, QualiHeal Pharmaceuticals, who provided valuable insights into structured hiring practices in the pharmaceutical industry. He explained competency mapping, multi-tier interview processes, and the balance between technical knowledge and soft skills required by employers. The lecture helped students to understand industry expectations, improve interview readiness, and align academic learning with real-world pharmaceutical career requirements.

Measured care

I count each pill with steady hand,
Not just a dose, but something planned.
A life depends on numbers small,
On getting write what cannot fall .

They place their trust across the desk,
In folded sheets, in voices stressed.
I cannot heal, I cannot swear,
I only promise honest care.

No bright applause, no spoken praise,
Just silent focus through long days.
For pharmacy is quiet art-
Where measured science guards the heart.

~ Sunakshi Sharma

FACULTY CORNER

We are pleased to welcome Mr. Ankur J. Parmar as the Assistant Professor at Shree S. K. Patel College of Pharmaceutical Education & Research (SKPCPER).

Mr. Ankur brings a rich blend of academic excellence, research experience, and industrial exposure to his new role. He earned a B. Pharm degree from Saurashtra University and an M. Pharm degree from Shree S. K. Patel College of Pharmaceutical Education and Research (SKPCPER) with research spanning Pharmacological and Toxicological evaluation, focusing on genotoxicity studies. He has also gained industrial experience at Novalox Remedies as founder. He has 4.9 years of experience combined. His/Her academic achievements are underscored by success in competitive exams such as GPAT.

We warmly welcome Mr. Ankur J. Parmar to SKPCPER and look forward to his leadership in advancing the Pharmacology Department through innovation, research, and academic excellence.

Mr. Ankur J. Parmar

Assistant Professor
Department of Pharmacology
GUNI - SKPCPER

Email: ajp05@ganpatuniversity.ac.in

We are pleased to welcome Mr. Harsh Rathnam as the Assistant Professor at Shree S. K. Patel College of Pharmaceutical Education & Research (SKPCPER) / Institute of Pharmacy.

Mr. Harsh Rathnam brings a rich blend of research experience and industrial exposure.

He earned his Master's in Pharmaceutical and Medicinal Chemistry at the Institute of Pharmacy, Nirma University, with research spanning on Antimicrobial Resistance. He has held academic positions at Rai University as an Assistant Professor and has also gained industrial experience at Apique Pharma Chem with 6 years of industrial experience.

His involvement in academic symposia includes participation and certification in the International Conference of Drug Discovery by Schrodinger, Introduction to Molecular Modelling in Drug Discovery (Schrodinger), and High Throughput Virtual Screening for Hit Finding and Evaluation (Schrodinger); hands-on training in Bioinformatics, Genome Editing by CRISPR, Genomics, Proteomics, In-Silico Molecular Biology and Genetic Engineering conducted by BDG Life Sciences and AI and Data Science from Vellore Institute of Technology (VIT) highlighting a strong commitment to continuous learning and knowledge sharing.

We warmly welcome Mr. Harsh Rathnam to SKPCPER/ IOPH and look forward to his leadership in advancing the field of Pharmaceutical Chemistry through innovation, research, and academic excellence.

We are pleased to welcome Mr. Pritam Maity as the Assistant Professor in Pharmaceutical Chemistry at the Institute of Pharmacy.

Mr. Maity completed his Master of Pharmacy at Tripura University (Central University of Tripura). He began his professional career in academia, contributing one year of teaching and research experience at Mandsaur University, Madhya Pradesh. Mr. Maity's expertise lies in synthetic drug discovery, with a particular emphasis on in silico and in vitro evaluation. He has further contributed to the advancement of pharmaceutical sciences through peer-reviewed, Scopus-indexed publications, underscoring his commitment to both research and academia.

Mr. Maity has maintained an excellent academic record throughout his pharmacy education, earning distinction as University Topper during his Diploma in Pharmacy from the Odisha State Board of Pharmacy. He has consistently excelled in competitive exams like the CUET-PG exam.

We warmly welcome Mr. Maity to the Institute of Pharmacy and look forward to his leadership in advancing the Department of Pharmaceutical Chemistry through innovation, research, and academic excellence.

We are pleased to welcome Dr. Rushiraj Jani as an Associate Professor in the Department of Pharmaceutics at the Institute of Pharmacy.

Dr. Jani brings a distinguished blend of academic excellence and industrial expertise to the Faculty of Pharmacy. He has maintained a career of distinction throughout his pharmaceutical studies. He earned his M. Pharm. from GTU, Ahmedabad, as a double gold medalist, University topper, and branch topper. He qualified GATE (2009) at IIT Roorkee with an all India Rank of 386. He later completed his Ph.D. in Pharmaceutics (2013–2017) at RK University, Rajkot, as an industrial scholar.

Professionally, Dr. Jani has accumulated over 13 years of experience in formulation development across reputed pharmaceutical companies, including Zydus Cadila, FTF Pharma, and Intas Pharmaceuticals. His career progression reflects steady growth, culminating in his last designation in industry as Senior Manager / Team Leader at Intas Pharmaceuticals Limited. He has successfully commercialized more than 30 formulations in the domestic market and over 15 formulations in regulated markets, primarily Europe.

Dr. Jani has contributed to the scientific community through research articles, review papers, and book chapters published with reputed publishers such as Elsevier and Nova Science Publishers, USA. Beyond his professional achievements, he has also pursued formal training in Indian Classical Music up to the Madhyama level, reflecting his diverse interests and commitment to continuous learning.

We warmly welcome Dr. Rushiraj Jani to the Institute of Pharmacy and look forward to his leadership in advancing the field of Pharmaceutics through innovation, research, and academic excellence.

ALUMNI JOURNEY

Opting to pursue my Bachelor of Pharmacy at Shree S. K. Patel College of Pharmaceutical Education and Research (SKPCPER) was a conscious step toward building a solid professional foundation. The institution offered far more than academic instruction—it cultivated discipline, refined my judgment, and instilled the confidence to take on responsibilities that extended well beyond the classroom.

At SKPCPER, I discovered that true growth lies not only in mastering technical subjects but also in cultivating leadership and resilience. The faculty consistently challenged me to think independently, to evaluate situations from multiple angles, and to arrive at solutions that balanced practicality with vision. These experiences nurtured my problem-solving ability and strengthened my managerial instincts. At that time, SKPCPER stood out for having some of the finest faculty along with state-of-the-art laboratories and advanced instruments that enriched the learning experience.

Equally important was the inspiration I drew from mentors and peers. Their guidance instilled in me a relentless appetite for learning and a commitment to continuous

improvement. The environment encouraged discipline, accountability, and the courage to take initiative—qualities that have remained central to my journey in public service.

Looking back, SKPCPER was the place where my professional identity began to take shape. It provided me with the confidence to lead, the skills to manage complexity, and the motivation to serve society within the regulatory and healthcare framework.

In essence, “SKPCPER inspired my pursuit of continuous learning and equipped me with the clarity and discipline essential for pharmaceutical regulation.”

CULTURAL AND EXTENSION ACTIVITY

Navratri Celebration

Navratri is a Hindu festival that spans nine nights (and ten days) and is celebrated in the autumn. It is observed for different reasons and celebrated differently in various parts of the Indian cultural sphere. The Navratri Celebration of GUNI-FOP was organized on September 17, 2025, by Ganpat University. The event was named "Yuvarangat" Navratri Celebration-GUNI-FOP, 2025.

OTHER ACTIVITIES

One-Day Seminar

A one-day seminar titled “Image Building (Series–2): Redefining the Role of Libraries and Librarians in the 21st Century” was jointly organized by ADINET and the GUNI Librarian Team, Ganpat University, on December 6, 2025 at Ganpat Vidyanagar. The event witnessed active participation from 104 delegates. Eminent speakers highlighted emerging trends in librarianship, digital literacy, e-resources, image building, and modern library management. The seminar proved highly beneficial in enhancing professional competencies and strengthened the role of libraries in the digital era.
