Ganpat University - A.M. Patel Institute of Computer Studies, SSIP, IIC, ACM and Faculty of Computer Applications, Ganpat University organized a One-Day Seminar on "Innovate, Patent, Protect: Unlocking the Future of Technological Advancements" on 11th February 2024. The seminar witnessed significant participation, featuring an eminent speaker and covering crucial aspects of Innovate, Patent, and Protection.

Abstract of the Seminar:

The seminar aimed to educate students, faculty members, and professionals about the significance of **Intellectual Property Rights (IPR), Patents, and Innovation Protection** in technological advancements. It highlighted the necessity of **innovation safeguarding, patent filing processes, and business implications of intellectual property**.

The primary goal of this session was to:

- Enhance awareness about **patent laws, copyrights, and trademarks**.
- Discuss strategies for **protecting technological innovations**.
- Guide participants on **the patent filing process and its business impact**.
- Encourage an **entrepreneurial mindset** by fostering **innovation and research culture**.

Date	11 February 2025			
Time	10:00 A.M., Indian Standard Time (GMT+5:30 Hours).			
Platform	Lab-13, First Floor, Ganpat University, A.M. Patel Institute of Computer Studies.			
No. of Registration	University Name	Course	Semester	Total
	Ganpat University	MCA	I	69
	Others	MCA	-	-
	No. of Registration in Total			69

Participants:

The seminar witnessed participation from:

- **Students, faculty, researchers, and startup founders** from Ganpat University and beyond.
- A significant number of **MCA students** from the university, showcasing strong enthusiasm for innovation and technology.

About Speaker:

Mr. Ankit Sinha

- Assistant Manager, Ganpat University Incubation Centre
- IPR Certified, Business Analytics and Innovation Advisor and Mentor
- <https://www.linkedin.com/in/ankit-sinha-283622125/>

Introduction to Innovation & IPR

- Importance of Intellectual Property in **technology and startups**.
- Understanding different types of **IP protections** (patents, copyrights, trademarks, and trade secrets).

Patent Filing & Legal Aspects

- Step-by-step guide to **filing patents in India and internationally**.
- Legal considerations and **compliance aspects of innovation protection**.

Business Implications & Monetization

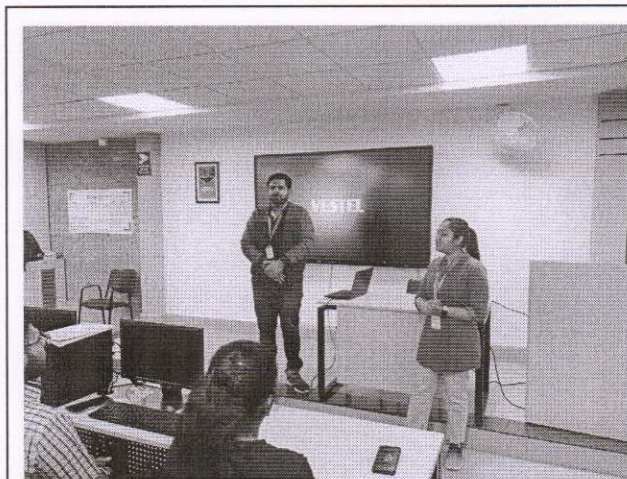

- How patents influence **business growth and investment opportunities**.
- Role of **IP in securing venture capital and startup funding**.

Interactive Q&A and Expert Insights

- Participants engaged with Mr. Ankit Sinha on **real-world patent case studies and industry practices**.
- **Live demonstration** on the patent search process and filing procedures.

● Glimpse of the Event

[welcome to expert person]

[Introduction to subject matter by speaker]

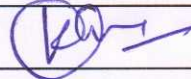

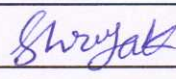

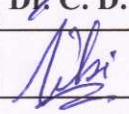

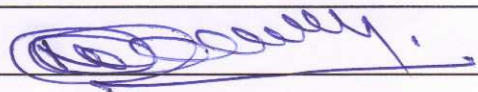

[witness of seminar]

[Q&A by the speaker]

Event Conclusion:

The seminar concluded with a vote of thanks by Dr. C.D. Patel, Dr. Swati Patel and Ms. Niki Patel, who coordinated the event. They expressed gratitude to the speaker, participants, and organizers for their efforts and enthusiasm. The successful execution of the seminar was made possible by the joint efforts of the coordinators and faculty members at Ganpat University.

Report on “Microsoft Azure AI Overview”

For Victoria University Students – International Student Exposure Program

Artificial Intelligence (AI), driven by advancements in computing and communication technologies, is significantly impacting human life and contemporary civilization. Regardless of their academic discipline, students must stay updated with technological advancements and gain hands-on experience with emerging tools. This is particularly relevant in academic learning and professional applications.

To address this necessity, Ms. Aruna P. Gurjar from the Faculty of Computer Application conducted a hands-on training session on AI through Microsoft Azure tools for pharmacy students participating in the International Exposure Program. As part of this initiative, students created their learner profiles on the online learning portal of NASSCOM, gaining practical exposure to AI concepts and applications.

Subject Expert: Ms. Aruna P. Gurjar (Assistant Professor, Faculty of Computer Application, NASSCOM Coordinator)

Support Faculty: Ms. Niki Patel (Assistant Professor, Faculty of Computer Application)

Organizer: GUNI Internationalization Office and Faculty of Pharmacy.

Date: 28th January 2025, Wednesday.

Time: 08:30 AM to 10:30 AM.

Venue: Computer Lab, Ganpat University – Faculty of Pharmacy

Course Learning Outcomes

The following key learning outcomes were achieved through the training session:

- ✓ Awareness about the impact of AI on human life, particularly in pharmaceutical manufacturing, hospital pharmacy practice, and research.
- ✓ Understanding the necessity of learning and gaining expertise in AI tools, with a focus on Microsoft Azure platform tools for academic and professional growth.
- ✓ Step-by-step guidance on creating unique learner profiles on the NASSCOM learning platform.

- ✓ Learning from available course content, with subject expert support in clarifying doubts.
- ✓ Participation in an online quiz to assess understanding, leading to course completion certification.
- ✓ Successful completion of the quiz by all students, with certificates awarded during the valedictory session.

Hands-on Learning Experience

Under the expert guidance of Ms. Aruna P. Gurjar, students followed a structured approach:

- ✓ Creating Learner Profiles: Each participant registered and set up an individual learning profile on the FutureSkills Prime platform: <https://www.futureskillsprime.in/>
- ✓ Exploring Course Content: The students navigated through the provided AI-related materials and engaged in interactive discussions.
- ✓ Clarifying Doubts: The subject expert provided detailed explanations and resolved student queries.
- ✓ Online Quiz Completion: After completing the course, students took an assessment quiz, upon passing which they received certification.

Course Content

- ✓ The course covered the following essential topics:
- ✓ What is AI?
- ✓ The Spectrum of Artificial Intelligence
- ✓ Trends in AI in Healthcare
- ✓ AI in Manufacturing: The Fourth Industrial Revolution
- ✓ Differences between AI vs. Machine Learning vs. Deep Learning
- ✓ Introduction to Neural Networks
- ✓ Quiz & Assessment

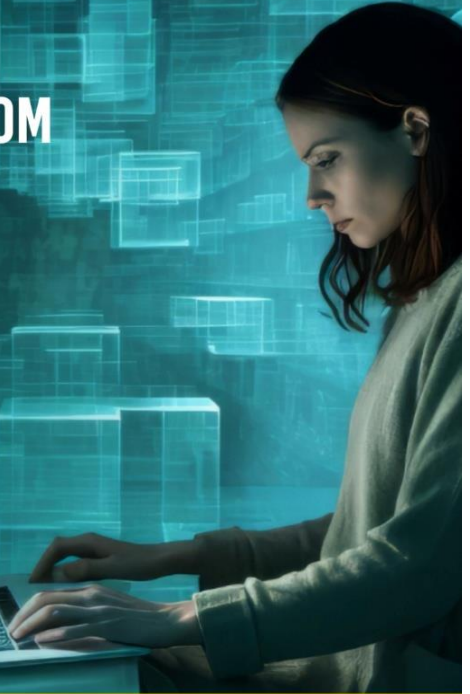

The Microsoft Azure AI Overview session, conducted by Ms. Aruna P. Gurjar, successfully equipped pharmacy students with fundamental knowledge and hands-on experience in Artificial Intelligence. Through practical engagement on the NASSCOM platform, students enhanced their understanding of AI applications in the pharmaceutical industry. The event concluded with a valedictory session where participants were awarded their completion certificates.

This initiative highlighted the growing relevance of AI in various professional domains and emphasized the importance of technological awareness for students beyond their core academic disciplines.

Summary Report of Webinar on “Lean Start-up & Minimum Viable Product/Business”

Under Ganpat University ACM Student Chapter organized the webinar on “Lean Start-up & Minimum Viable Product/Business” on 28th August,2024.

The objective of the webinar on "Lean Start-up & Minimum Viable Product/Business" is to educate participants on the lean start-up methodology and the concept of a Minimum Viable Product (MVP), providing them with insights to efficiently develop, validate, and scale business ideas with minimal resources. The session aims to empower entrepreneurs and business professionals to minimize risks, reduce costs, and foster innovation by focusing on rapid prototyping, customer feedback, and iterative improvement, ultimately helping them to launch successful and sustainable ventures.

The following table show the details of workshop:

Name of Workshop	One Day Lean Start-up & Minimum Viable Product/Business
Date of Workshop	28 th August, 2024 (Wednesday)
Convenor	Dr. Meghna Patel
Coordinator	Dr. Meghna Patel
Speakers	Dr. Saurabh Dave (Pro-VC, Executive Dean-Startup, GUNI)
No. of Participants	Total 120 students and faculties, 68(Offline) 52(Online) participants from Computer Science faculties
Venue	Hybrid(Online + A.M.Patel Institute of Computer Studies, Ganpat University)

The webinar started with 1:00 PM with with brief introduction of Convenor of workshop Dr. Meghna Patel Associate Dean of Research (FCA), GUNI. Dr. Meghna Patel has introduced the speaker Dr. Saurabh Dave (Pro-VC, Executive Dean-Startup, GUNI).

The speaker Dr. Saurabh Dave has started the session with Introduction of startup, then discuss about What is Lean Startup, Different stages of startup, Key Principle of startup, What is a Minimum Viable Product (MVP)?, Purpose of MVP, Applications of MVP, Product Validation, Advantages and Challenges of Lean Start-up & MVP, Steps to learn Lean Startup, How to provide funding etc.

In conclusion, the student and faculties will get the knowledge about the Lean Start-up methodology is a strategic approach to building businesses that emphasizes iterative development, customer feedback, and resource efficiency. Start-ups typically progress through various stages, from ideation to scaling, with key principles such as validated

learning, build-measure-learn cycles, and pivoting guiding their journey. The Minimum Viable Product (MVP) is a crucial element of this approach, serving as the simplest version of a product that can be released to test hypotheses and gather early user feedback. The purpose of an MVP is to validate the product idea in the market, minimizing risks and guiding further development. While Lean Start-up and MVPs offer significant advantages such as cost efficiency and faster time-to-market, they also come with challenges like managing uncertainty and balancing speed with quality. Learning Lean Start-up involves understanding these principles, applying them through real-world practice, and seeking mentorship. Securing funding for a lean start-up often requires demonstrating traction and validated learning to potential investors, showing that the business is grounded in solid, customer-driven insights.

What is a Minimum Viable Product (MVP)?

- The simplest version of a product that can be released.
- Provides enough value to attract early adopters.
- Allows for collecting maximum validated learning with minimal effort.
- Global appeal

Notes

- Global appeal
- Solve problem
- Cost effective
- Less adoption curve
- Easy to market and easy to ship
- Fit in global standards

Next slide

2. Purpose of an MVP

- Test product hypotheses
- Validate assumptions and business model
- Learn what works
- Build a network of loyal advocates
- Reduce development time and costs

No Notes.

Summary Report of “One Day Workshop on NEP Implementation in Research”

This workshop aims to provide a comprehensive overview of the NEP and its implications for research across various disciplines. The following topics will be covered in workshop: ÿ Establishment of the Research and Development Cells (RDCs) ÿ Interdisciplinary Research ÿ Increasing R&D linkages and collaborations ÿ Improving the R&D output ÿ Improving accessibility of R&D infrastructure ÿ Technological interventions and digital linkages.

The following table show the details of workshop:

Name of Seminar	One Day Workshop on NEP Implementation in Research
Date of Seminar	23 rd March, 2024 (Saturday) 10:00 AM onwards
Speakers	1) Dr. Tejas Pradhyuman Joshi Associate Professor, Department of Chemistry, Maharaj Krishnkumarsinhji Bhavnagar University 2) Dr. Uma Warriar Prof. OB & HR, Jain University, Bengluru
Coordinators	Dr. Meghna Patel, Dr. Ajay Patel, Dr. Ritesh Joshi, Dr. Bharat Parajapati
Student Coordinator	1. Mr. Dhruv Luhar (MCA II) 2. Ms. Mili Prajapati (MCA II) 3. Mr. Birju Jogi (MCA II)
No. of Participants	15 Faculty Members and 10 Students
Venue	MBA Seminar Hall, Ganpat University

The workshop started at 10:00 AM with brief introduction of NEP and focus on its implementation in research. The speakers were introduced by Mr. Praveer Upadhyay. Dr. Tejas Joshi shed light upon NEP and its role in improving quality of research in the India. Speaker discussed about various government policies to encourage research and also talked about types of grants available. Post lunch session was taken by Prof. Dr. Uma Warriar on Research publication Ethics. She discussed in detail about plagiarism types and its repercussions. She also discussed about research ethics with the help of asking quiz questions in interactive manner. Faculties and research scholars participated in active manner. The vote of thanks is extended by Dr. Ajay Gupta Sir.

Conclusion

The One day workshop on NEP implementation in research is successfully introduced participants with aspects of National Education policy and its connection in promoting research in India. Government's initiatives for promoting research was highlighted in detail by speaker. Research ethics are conveyed in very simple and effective manner. Do's and don'ts with respect to research ethics communicated in very simple and effective manner by speaker. The vote of thanks is extended by Dr. Ajay Gupta Sir.

Summary Report of National Seminar on “IPR and Patent Filing in India”

The main objective of this national seminar is to spread awareness amongst faculty fraternity about importance of Intellectual Property Rights (IPR), its types and procedure for filing patent in India. In its most basic form, intellectual property is any kind of created intangible asset that results from the use of one's mental faculties. Depending on the kind of asset being considered, different rules may apply for registering intellectual assets. The law of intellectual property protects these assets, and the ownership of such rights grants numerous rights for their marketing and protection.

The following table show the details of workshop:

Name of Seminar	National Seminar on IPR and Patent Filing in India
Date of Seminar	22 nd February, 2023 (Thursday) 12:30 PM
Speaker	Dr. M. M. Betkar Principal, Shri Kumarswami Mahavidyalaya, Ausa, Latur, Maharashtra, India
Coordinators	Dr. Ritesh R. Joshi, Dr. Meghna Patel
Co-coordinators	1. Dr. Bharat B. Prajapati
Student Coordinator	1. Mr. Dhruv Luhar (MCA II) 2. Ms. Mili Prajapati (MCA II) 3. Mr. Birju Jogi (MCA II)
No. of Participants	428 Faculty Members from all the parts of India
Venue	Hybrid (Online + A.M.Patel Institute of Computer Studies, Ganpat University)

The seminar started at 12:30 PM with brief introduction of IIC 6.0. Dr. Meghna Patel introduced the speaker Dr. M. M. Betkar, Principal, Shri Kumarswami Mahavidyalaya, Ausa, Latur, Maharashtra, India. Dr. Betkar spoke about IPR and its significance for ones rights for intellectual property. The speaker discussed about patent filing in India and highlighted about 7 types of intellectual property rights, namely – copyright, trademarks, patents, geographical indications, plant varieties, industrial designs and semiconductor integrated circuit layout designs. He has described about the patent filing procedure in India.

The speaker has given the overview of:

- IPR
- Types of IPR in India
- Patent filing procedure in India

Conclusion

The National seminar successfully introduced participants to the IPR and Patent Filing procedures in India. Different types of intellectual property rights exist in India that enable people to protect their assets. In an effort to provide intellectual property rights recognized in India with international recognition and protection, India has actively joined numerous conventions and treaties. The vote of thanks is extended by Dr. Ritesh R. Joshi.

Summary Report of “Induction Program of IIC 6.0”

The main objective of this seminar is to encourage students about incubation, entrepreneurship and start-ups. Incubation, entrepreneurship, and start-ups play pivotal roles in driving economic growth, innovation, and job creation. Despite challenges, the opportunities presented by technological advancements and evolving market dynamics continue to fuel this ecosystem's growth.

The following table show the details of workshop:

Name of Seminar	Induction Programme of IIC 6.0
Date of Seminar	27th November, 2023 (Monday) 10:00 AM
Speaker	Dr. Saurabh Dave, Pro Vice Chancellor & Executive Dean (Startup), Ganpat University
Coordinators	Dr. Ritesh R. Joshi, Dr. Meghna Patel
Co-coordinators	1. Dr. Swati Patel (AMPICS, GNU) 2. Ms. Falguni A. Suthar (AMPICS, GNU) 3. Ms. Aruna P. Gurjar (AMPICS, GNU)
No. of Participants	63 students from BCA, MCA and 8 FCA faculties
Venue	A.M.Patel Institute of Computer Studies, Ganpat University

The seminar started at 10:00 AM with brief introduction of IIC 6.0. Ms. Falguni Suthar introduced the speaker Dr. Saurabh Dave, Pro Vice Chancellor & Executive Dean (Startup), Ganpat University. Dr. Swati Patel felicitated the speaker with flower bouquet. The session combines theory and practical concepts of incubation and start-ups. The speaker has given lots of live examples to emphasise the importance of start-ups for the overall personal and economic growth of the nation. He has shed light on the facilities available in the Ganpat University campus for incubation and start-ups.

The speaker has given the overview of:

- Incubation: A brief definition and explanation of incubation centers and their role in fostering entrepreneurial growth.
- Entrepreneurship: Highlighting the essence of entrepreneurship in driving innovation and economic development.
- Start-ups: Defining start-ups and their contribution to technological advancements and market disruptions.

He has highlighted the Role of Incubation Centres:

Functions and Services

- Support Services: Description of services offered by incubation centers (mentorship, funding, infrastructure, etc.).
- Success Stories: Highlighting successful start-ups incubated in such centers and their impact.
- Challenges: Addressing challenges faced by incubation centers in nurturing start-ups.

Conclusion

The Induction Program for IIC 6.0 successfully introduced participants to the initiative's core concepts, methodologies, and encouraged networking among peers. Incorporating participant feedback will enhance future iterations of the program, ensuring a more comprehensive and impactful induction experience. The vote of thanks is extended by Dr. Swati Patel.

Summary Report of “How to Write Research Paper”

Under Ganpat University ACM Student Chapter organized the workshop on “How to Write Research Paper” on 8th July, 2023.

The objective of a workshop on "How to Write a Research Paper" is to provide participants with the necessary skills, knowledge, and techniques to effectively and confidently write high-quality research papers. The workshop aims to guide participants through the various stages of the research paper writing process, from selecting a topic to submitting the final manuscript.

The following table show the details of workshop:

Name of Workshop	One Day Workshop on How to write Research Paper
Date of Workshop	8 th July, 2023 (Saturday)
Convenor	Dr. Meghna Patel
Coordinator	Dr. Meghna Patel
Speakers	Dr. Satyen M. Parikh (Executive Dean/Deputy Pro-VC, GUNI)
No. of Participants	55 participants from Computer Science faculties
Venue	A.M.Patel Institute of Computer Studies, Ganpat University

The first part of workshop started at 09:30 AM with brief introduction of Convenor of workshop Dr. Meghna Patel Associate Dean of Research (FCA), GUNI. Dr. Meghna Patel has introduced the speaker Dr. Satyen M. Parikh.

The first session combines theory and practical concepts. It is conducted by Dr. Satyen M. Parikh Sir.

Understanding Research Paper Basics: Introduce participants to the essential components of a research paper, including the introduction, literature review, methodology, results, discussion, conclusion, and references.

- **Choosing a Research Topic:** Help participants identify suitable research topics that align with their interests, the field of study, and the scope of the assignment.
- **Literature Review:** Teach participants how to conduct thorough literature searches, critically review existing research, and synthesize relevant findings to support their own research.
- **Crafting Clear Objectives and Hypotheses:** Assist participants in formulating clear research objectives, questions, or hypotheses that guide the focus of their study.

- **Research Methodology:** Explain various research methodologies and guide participants in selecting an appropriate methodology based on their research questions and objectives.
- **Data Collection and Analysis:** Provide insights into gathering and analyzing data, whether quantitative or qualitative, and how to interpret and present the results effectively.
- **Writing Strategies:** Offer techniques for organizing thoughts, structuring content, and writing cohesively to ensure the research paper flows logically.
- **Citation and Referencing:** Teach participants how to properly cite sources and create accurate references using commonly used citation styles (e.g., APA, MLA, Chicago).
- **Avoiding Plagiarism:** Educate participants about the importance of academic integrity and how to avoid unintentional plagiarism while citing sources and integrating external information.
- **Editing and Proofreading:** Share tips for revising and editing the paper to improve clarity, coherence, grammar, and style.
- **Creating Visual Aids:** Explain how to incorporate tables, figures, and graphs to enhance the presentation of data and findings.
- **Formatting and Submission:** Guide participants on formatting their papers according to the guidelines of the target journal or conference and preparing for the submission process.
- **Peer Review and Feedback:** Discuss the benefits of peer review and strategies for receiving and incorporating constructive feedback from peers and mentors.
- **Time Management:** Provide participants with strategies to manage their time effectively throughout the research paper writing process.
- **Overcoming Writer's Block:** Share techniques for overcoming writer's block and maintaining motivation during the writing process.
- **Ethical Considerations:** Address ethical concerns related to research, such as human subjects' protection and the responsible conduct of research.

The first session completed at 1:00 PM.

The Second session started at exactly 1:30 PM. Dr. Meghna Patel has introduced about the second session activity. She welcomes all the mentors to share their views regarding his/her research work. Also, the mentors explain about their research topic which they have already shared in advance to assigned group for research paper writing. Then the group of faculty members and mentors are performing activity of writing abstract and problem statement. The abstract and the problem statement of all papers was reviewed by Dr. Satyen Parikh and Dr. Nirbhay Chaubey sir. The process of paper writing is continued up to one month and after writing a whole paper also the review committee have reviewed the whole paper.

Summary Report of “Inauguration Ceremony of Ganpat University ACM Student Chapter”

To develop the personality of the young students as well as their technical skills, Ganpat University organized the inauguration of the ACM Student Chapter on 15th November 2022. With 15 student members and 3 professional members of ACM, Ganpat University has established an ACM Student Chapter with a formal approval from the ACM headquarter, USA. It is the 6th ACM student chapter in Gujarat.

The ceremony began with a welcome address by Dr. Satyen Parikh, Deputy pro vice chancellor of Ganpat University.

ACM Women India Council Chair, Dr. Heena Timani provided information about ACM Student Chapter. She also said that the main goal of ACM is to “network with people and learn more about emerging technologies”.

ACM, the world's largest educational and scientific computing society, delivers resources that advance computing as a science and a profession. It has 800 student chapters across the world. Through this collaboration, GUNI students establish network with foreign students and get the opportunity to join one or more of ACM's Special Interest Groups in 37 specialty areas of IT. Students can participate in different global conferences and competitions, and win prizes and awards, opportunity to get knowledge through resource experts, online courses, certification courses. The research scholar can get the fund for research work, access to digital library, participate in expert talk on research topics. The faculty members who are part of this ACM chapter will get the benefit for getting innovative way of teaching subjects. ACM-W aims to provide social and professional support for women empowerment in computing.

After that, Chairman of Ahmedabad Professional Chapter Mr. Bhaumik Shah shared motivational thoughts. He emphasised that “Motivation is nothing but life experience”, “Motivation is the way to achieve your goals or needs”.

The Patron in Chief and President of Ganpat University, Dr. Ganpatbhai Patel inspired the students about the values of life. He talked about two rules; “Be a good person, study hard and become an expert in your subject.” He also discussed about ACM code of conduct and how that can add value to the holistic development of Ganpat University. Shri. Ganpatbhai Patel also shared his example of being involved in such technical chapters that contributed a lot in his life. He inspired students to be a part of such chapters and networking community.

Along with this, Pro-Chancellor & Director General of Ganpat University Dr. Mahendra Sharma, Pro vice chancellor and Executive Registrar, Dr. Amit Patel, Pro vice chancellor, Dr. R. K. Patel, Deputy pro vice chancellor and Executive Dean, Faculty of Engineering and Technology, Dr. Kiran Amin and Deputy pro vice chancellor Dr. Rajen Purohit attended and encouraged the students.

Dr. Nirbhay Chaubey, Dean, Faculty of Computer Applications, Ganpat University proposed a vote of thanks and motivated students to take benefits from ACM student chapter. Dr. Meghna Patel coordinated the event and facilitated students with the fruits of ACM student chapter.

The following table show the details:

Name of Event	Ganpat University ACM Student Chapter
